STEP 2 : REGISTRATION

RedCarpet.ArtLicensingShow.com/invite

They submit their pre-registration form and create their account profile. (They must confirm their email link to proceed.)

ALSC Membership Committee reviews their application. If it is approved they will receive a message welcoming them to the site. You may also contact us on their behalf at RedCarpet@ArtLicensingShow.com.

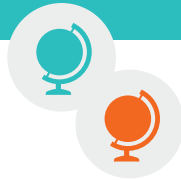

HOT TIPS

If they specifically mention that YOU told them about the site, we will make sure to give them your profile link in their approval letter.

When you see the "Pearl" icon on the bottom right corner of their avatar, they are ready to receive your portfolio shares.

STEP 3 : ACTIVATE SHARING

"Share" collections and pieces that will WOW & AMAZE!

ALWAYS take the time to research the companies before deciding what you should share with them & keep track of your shares.

STEP 4 : NOTIFICATIONS & ACCESS

They receive a notification of your "share" with a link to see the piece or collection.

Everything shared with them also appears on their Activity page with direct links to each piece or collection.

Once the share is active, you can simply email or message them with a link to your portfolio. As long as they are logged in, they can easily view your link. (URL is the same as your "View All" page.)
